FIRST NATIONAL BANK.
Frank E. Shepard, speaking
this morning on the various
reasons why the city should be
grateful for this Thanksgiving,
was asked to touch on the con-
dition of the First National
bank. He stated that one of
the most noticeable features
of Thanksgiving prosperity is
the excellent statement which
the First National bank has
just issued.
Mr. Shepard said: The state-
ment which was rendered un-
der date of November 17
shows total deposits of \$2,867,
522.30. Resources also make a
showing, the present figures
being \$3,193,514.66. In fact,
the report is in every way a
very satisfactory one, as, in
addition to the growth indi-
cated, there are no redis-
counts and no bills payable.
The capital of the First Na-
tional is \$100,000 and its sur-
plus and profits, \$1,509,932.66.
The officers and directors of
this institution, which is the
oldest and largest bank in this
section, are as follows: C. B.
Little, president; J. L. Bell,
vice president; Frank E. Shep-
ard, cashier, and A. J. Arnot,
assistant cashier. The direc-
tors are: C. A. Burton, Joseph
Hare, O. N. Dunham, J. L. Bell
and C. B. Little.

No Fear for High Cost of Living.
The high cost of living will not
handicap the observance of thank-
sgiving day. Despite the fact that
turkeys are selling at 25 cents a
pound and eggs are retailing at 45
cents a dozen, grocers as well as
poultry dealers declared in unequivocal
terms this morning that the run of
Thanksgiving business for the week
has surpassed any preceding year.
W. F. Jones of the firm of Brown &
Jones, poultry and meat dealers,
made the statement that the cafes
and hotels have placed exceptionally
large orders in anticipation of crowds

BIRDZELL WILL NOT
JOIN OUSTER MOVE
BUT APPROVES OF IT

Luther E. Birdzell of the law fac-
ulty of the University of North Dakota
agrees with his prospective associates
on the supreme bench, that the three
Justices-elect have a right to get on
the job next Monday, but he will not
be in Bismarck then to join them in
their efforts to oust Chief Justice
Fisk and Associate Justices Burke
and Goss.

Justice-elect Birdzell, who spent
Tuesday afternoon at the supreme
court announced, prior to his depart-
ure last night for Grand Forks, that
there is no question in his mind as
to the justice and propriety of the
stand taken by Justice-elect Robin-
son and Grace. The only reason he
will not be here Monday to assist
them in their rather weighty effort
to move Judges Fisk, Burke and Goss
is because he is under contract until
January 1 with the law college of the
state university.

First Thanksgiving
Proclamation

Whereas, it is the duty of all na-
tions to acknowledge the providence
of Almighty God, to obey His will,
to be grateful for His benefits, and
humbly to implore His protection and
favor; and

Whereas, both houses of congress
have, by their joint committee, re-
quested me "to recommend—to the
people of the United States a day of
public thanksgiving and prayer, to be
observed by acknowledging with
grateful hearts the many and signal
favours of Almighty God, especially by
affording them an opportunity peace-
ably to establish a form of govern-
ment for their safety and happiness;"

Now, therefore, I do recommend
and assign Thursday, the 29th day
of November next, to be devoted by
the people of these states to the ser-
vice of that great and glorious Being
who is the beneficent author of all
the good that was, that is, or that
will be; that we may then unite in
rendering unto Him our sincere and
humble thanks for His kind care and
protection of the people of this country;
previous to their becoming a nation;
for the signal and manifold mercies
and the favorable interpositions of
His providence in the course and
conclusion of the late war; for the
degree of tranquillity, union, and
plenty which we have since enjoyed;
for the peaceable and rational manner
in which we have been enabled to
establish constitutions of government

for our safety and happiness, and
particularly the national one now
lately instituted; for the civil and re-
ligious liberty with which we are
blessed, and the means we have of
acquiring and diffusing useful knowl-
edge; and, in general, for all the great
and various favors which He has been
pleased to confer upon us.

And also that we may then unite
in most humbly offering our prayers
and supplications to the great Lord
and Ruler of Nations, and beseech
Him to pardon our national and other
transgressions; to enable us all,
whether in public or private stations,
to perform our several and relative
duties properly and punctually; to
render our national government, a
blessing to all the people by constantly
being a government of wise, just
and constitutional laws, discreetly
and faithfully executed and obeyed;
to protect and guide all sovereigns
and nations (especially such as have
shown kindness to us), and to bless
them with good government, peace
and concord; to promote the knowl-
edge and practice of true religion and
virtue, and the increase of science
among them and us; and, generally,
to grant unto all mankind such a de-
gree of temporal prosperity as He
alone knows to be best.

Given under my hand, at the city
of New York, the third day of Octo-
ber, A. D. 1789.

RUSSIA WANTS
DAKOTA FORGER
CAUGHT IN LAST

(Special to The Tribune.)
Underwood, N. D., Nov. 29. Jacob
Mather, alias Thomas Ochs, who,
under the name of Anton Bolt, passed
a worthless check for \$1,100 upon an
Underwood elevator man, October 12,
and who has led the McLean county
authorities a merry chase for six
weeks, was arrested at his newly es-
tablished home in St. Paul on Mon-
day night by Charles D. Brown, man-
ager of the protective department of
the Minnesota Bankers' association,
and Detective Edward Potter of St.
Paul. He is now being held at the
St. Paul city jail, awaiting the arrival
of local officers, who will return him
to Washburn for trial.

Wanted in Russia.

According to information furnished
by Russian priests, Bolt, or Mather,
under the name of "Thomas Ochs,"
escaped originally from the Russian
police to Canada. Why he is wanted
in Russia has not been learned.

GAS TO THE CONSUMERS

TURNUD ON YESTERDAY
Gas for the City of Bismarck for
cooking and lighting purposes was
turned on at the plant of the Bis-
marck Gas company yesterday after-
noon, at 2:30 o'clock, for the first
time, marking a new epoch in the in-
dustrial development of the city.
Manager Frank W. Olds of the Gas
company stated today that rush work
is being done by the company to fill
all the orders which have been taken
for gas connection. The connections,
he said, would be made in the order
in which they were received.
It is expected that the number of
places to be connected by the end of
the week will reach the 200 mark.

Wilmington, Del., Nov. 29.—The Du-
pont Powder company announced a
regular 1-2 per cent dividend and an
extra dividend of 24-13 on its com-
mon stock, payable December 18.
This makes a total of 100 per cent
for the year on its common stock.

here today, of an apoplexy stroke.

GOLFERS TO GATHER ON
COUNTRY CLUB'S LINKS

A call to the men and the women
golfers of the city to gather on the
links of the Country club tomorrow
was sounded this afternoon. It was
stated that three times during the
four years' life of the club, golf has
been played on the Bismarck links on
Thanksgiving day.
The links are reported to be in ex-
cellent shape and some good matches
are anticipated. If the players will
turn out. The games tomorrow will
probably be the last of the season.
The temperature at noon today was
35 degrees and promises for no Satur-
day Evening Post weather were given
out by the weather observation in his
forecast for the last day of the month.

Thanksgiving Day Sentiment
Triumphs Over Business

Washington, Nov. 29.—That Thanksgiving occurs tomorrow the last
Thursday in November—is a triumph of old-fashioned American senti-
ment and tradition over "business."
Merchants in many of the big cities, foreseeing that the last Thurs-
day coming the last day of the month, would make the buying season
Thanksgiving to Christmas Eve—a few days shorter than usual,
sought to have the president proclaim November 23 Thanksgiving
Day. The Jewelers' Board of Trade in New York sent President Wil-
son a communication asking for the earlier day.
Merchants in other cities expressed themselves for the earlier day
and several chambers of commerce adopted "earlier Thanksgiving
resolutions."
But Pilgrim tradition triumphed.

El Paso, Nov. 29. Carranzista offi-

hua City had fallen to Villa. It is re-
ported that Villa also dominates all
the state of Chihuahua. The defend-
ers of the city were routed north and

SEVEN YEARS
AND HALF FOR
R. C. KITTEL

(Special to The Tribune.)
Fargo, N. D., Nov. 29. Richard C.
Kittel, Casselton banker who pleaded
guilty to 41 counts for falsifying bank
records, at the recent trial in federal
court here, was sentenced to seven
years and six months by Judge
Charles F. Amidon this afternoon.
His brother, William Kittel, who
also pleaded guilty, has not yet been
sentenced.

TURKEYS AT FIVE
CENTS PER POUND

Pittsburgh, Nov. 29. As a result of
a boycott declared by housewives,
live turkeys sold as low as five cents
a pound in this city today.
Housewives refused to buy at pre-
vailing high prices and this morning
the speculators found their opening
bids for the turkeys only reached
three cents a pound. Late in the
evening was broken and recovered to five
cents, many turkeys selling at that
figure.

Women Taunt Speculators.
Witmer had bought and sold at a
loss to force down prices. Women
standing in the market without buy-
ing taunted the speculators, saying:
"We'll eat crow before we'll pay you
that much; bring 'em down to a dime
and we will talk business. Eggs and
potatoes next—we're after 'em."

INSANITY TO BE
PLEA OF MISS COLBY

Thompson Falls, Mont., Nov. 29.
Insanity will be the plea of Miss
Edith Colby, who is charged with
first degree murder in account of the
shooting of Edward Thomas, a Re-
publican politician. The counsel for
the defense stated this morning that
a number of ailments will be intro-
duced.

TODAY'S WAR MOVEMENT.
In Russia, German forces con-

ous along the entire Wallachian
front, according to Berlin.

Paris reports transfer of all le-
gations and banks from Buchar-
est to Jassy.
Around Monastir Paris re-
ports a brilliant advance of Ser-
bians northwest of Cruintza; the
capture of the heights northeast
of Monastir by French Zouaves
and an advance of Italian forces
in the mountains around Cres-
tenia.

Berlin admits "a partial ad-
vance by the Allies."
In France Violent cannonading
south of the Somme; intermittent
shelling south of Arras, and
trench mortar warfare around
Maquisart and Neuvechappelle.
Berlin claims the repulse of British
attacks near Givenchy.

cabinet both decide to refuse the
surrender of arms demanded by
the Allies.

pointed commander of the British
grand fleets.

SEND REFUSAL.
Athens, Nov. 29.—With King Con-
stantine presiding, the crown council
decided that it would be unable to
oppose the Greek government's refusal
of the demands of the Allies for dis-
armament. It is reported that the
crown council has sent its refusal.

London, Nov. 29. The progress of
General Mackensen's forces from the
newly captured town of Giurgiu, on
the Danube, was the crux of the Ru-
manian situation today. If the Teu-
tonic wedge is blunted and its power
stopped until the Rumanians reach
new defenses, they may yet be able
to stem the tide of battle.

Official dispatches from Paris state
that the Allies are progressing north
and west of Monastir.
The continued absence of a Ger-
man official statement claiming cap-
ture of a large body of troops and mu-
nitions is all that experts have to pin
hopes that Rumania may be able to
avert disaster.

Paris reports that the Rumanian
capital has been moved to Jassy.
There is no official confirmation of
this, however.

There will be no Tribune is-
sued tomorrow, because of
Thanksgiving Day. This is done
to enable the employees of the
Tribune company to celebrate the
day with their families. It is
customary for evening papers of the
state to "take a day off" on
Thanksgiving Day. Most of the
evening papers of the state will
not issue a paper on Thanksgiving

The Tribune extends the best
wishes of the season to its read-
ers. In their happiness and pros-
perity lies the success of the news-
paper that serves them.

William Wade of Wade and John B.
Thomson of Almont. The statement
that a county building is to be erected

this town is to be the permanent seat
of Grant county. There is, of course,
a possibility that it may be compelled
to make another fight for the honor
two years hence, when the establish-

placed on a special ballot if a suffi-
cient number of taxpayers so desire.

SINKING OF
CHUNG MAY
CAUSE CRISISApparently Innocent Sinking of
American Ship Arouses Of-
ficialsOFFICIAL UNBUSINESS
OVER OUR RELATIONSLoss of Boat Loaded With Wheat
Caused Break in Market
Yesterday

Washington, Nov. 29. There are
sinister indications of German guilt
in the marine torpedoing of the Ameri-
can steamer Chungmung, which caused
a bad break in wheat prices yester-
day.

Few details have reached the state
department, but the incident served
to accentuate official uneasiness over
German-American relations.

Germany Resigned New.
Germany's apparent willingness to
break with the United States is puzz-
ling Washington officials. Indica-
tions are that Germany is prepared
for war with this country as a last
resort, rather than abandon its sub-
marine warfare as originally started
under Tirpitz.

Prepared for Worst.
The Imperial government has ad-
mitted guilt in the torpedoing of the
Marina, when six Americans lost
their lives, in an offer of reparation
and indemnity.

Officials here stated that this is suf-
ficient evidence that Germany is
ready to suffer the consequences of
her submarine warfare.
The sinking of the Chungmung gives
rise to prospects for a new contro-
versy, but not necessarily a crisis.

Colo's Flying.

The Chungmung went down with the
Stars and Stripes floating at her mast.
A lively incident preceded the sink-
ing of the vessel. The German com-
mander gave orders that the Ameri-
can flag should be lowered and Ger-
man sailors were prepared to put
them into effect. They met with ab-
solute resistance on the part of the
American Captain Duffy and his crew,
who refused to haul down the colors,
saying that if the ship had to be sunk
it would be with the flag flying.

Captain Duffy maintained his
ground and so rapidly were the pre-
parations to sink the Chungmung made
that further discussion about the flag
ceased, and after the captain and
crew had been taken aboard the sub-
marine a torpedo and three shells
sent against the side of the American
ship sent her to the bottom.

Although angry at the action of the
German commander, Captain Duffy
and his men had some measure of
satisfaction in seeing the flag at the
mast head as the waves finally en-
gulfed their ship. The Chungmung was
registered at New York and carried a
crew of 24. They found a place in
two lifeboats and after a time on the
open sea were picked up by a Span-
ish steamer which took them to Val-
encia. Captain Duffy has made a long
report of the incident to the American
consul at Valencia, John B. Putnam.

Gerard Instructed.
Ambassador Gerard and President
Wilson will meet late this afternoon
to discuss instructions to be taken to
Germany relative to the submarine
issue and the deportation of Belgians.

TO ESTABLISH IDENTITY.

London, Nov. 29. Whether the sub-
marine that sank the steamer Cham-
bung, with the Stars and Stripes
fluttering from its mast, was German
or Austrian is expected to be revealed
soon.

GREAT YEAR IS SEEN IN THIS THANKSGIVING

(Continued from Page One)

For a 6 o'clock dinner, it is believed that many will spend the dinner hours at the hotels and the cafes to dodge the high cost of living rather than prepare the big holiday meal.

Students and Relatives Arrive. Students and relatives began arriving today. The students are for the most part those in attendance at the colleges and universities in the state, while those at the Chicago and Minnesota universities and other large educational centers will not return until the holiday intermission. With the arrival of relatives and trains packed with home-comers, Bismarck will see many reunions and big dinners in its many homes.

Grocery stores and the meat counters will handle the rush orders up until 10 o'clock this evening. The stores will generally be closed tomorrow. It was stated by a prominent

dealer. The barber shops will close this evening at 10 o'clock and will remain closed all day tomorrow. The postoffice will observe the usual holiday regulations.

CITY NATIONAL BANK. "It seems that North Dakota and its Capital City have much to be thankful for," said S. C. Marks, vice-president of the City National bank.

"We can all picture the conditions that would now exist, if it was not for the wonderful progress that the farmers and business men of North Dakota have made. The failure of a wheat crop a few years ago meant a complete setback, but the farmer of today has divined, and if one crop fails, he has others that will pay him amply for his efforts," said the banker.

"We should be thankful that our judgment was good when we decided to make our home in this Northwest," he continued. "We live in a country where prosperity is most felt and panic the least. We live in a country that is just in the making, beyond the experimental and boom stages, and growing in wealth and population."

"We should be thankful that we are far from the awful misery of Europe."

"The growth of the bank deposits is a very accurate barometer of conditions, and its present stage certainly forecasts fair weather."

Union Services at 10:30.

The annual Thanksgiving union services will be held in the First Presbyterian church at 10:30 o'clock tomorrow morning. The Thanksgiving service will be delivered by Dr. W. J. Hutcheson, pastor of the McCabe Methodist church. Special songs will be given by the Presbyterian choir. Devotional prayers to Thanksgiving will be used in the church decorations.

The annual Thanksgiving mass will be read at the Catholic church by Father Hiltner. Special music will be offered, which is always one of the beautiful features in the observances of this kind in the Catholic world.

CRISSEY'S STORY IS CALLED.

Contrary to the weather conditions portrayed by Forrest Crissey in his story in the Saturday Evening Post, called "The Hired Man," in which deep snow, high winds and zero temperatures prevailed from October to April, the "Weather Man" promises just the opposite for Thanksgiving day clear skies, temperature only somewhat lower than today, not too much wind and no precipitation. In other words, Bismarck and North Dakota are to have a continuation of the almost ideal weather conditions that have been experienced during the entire fall season.

THANKFUL BECAUSE THE COMMUNITY IS PROSPEROUS

"The reasons that this bank has cause to be thankful at or any bank has cause to be thankful at this time are for the same reasons that the community in which thankful," said G. H. Russ, cashier of the Bismarck State bank, today.

"We in Bismarck have everything in our favor; we live in a state which is the first to feel prosperity and the last upon which the hand of adversity can fall, and we are almost independent, with the wonderful resources right within our own doors and great as has been our development in the past, it will be as nothing to what the future holds in store."

"That's why we are particularly thankful now," concluded the cashier.

City is Grateful.

Thanksgiving day in this blessed Year of Our Lord 1916 finds Bismarck with much to be thankful for.

The last year has been one of real progress.

The year has seen an investment of more than a million dollars in permanent public and private improvements.

The year has witnessed such a demonstration of confidence and faith in the future of the Capital City as must furnish real inspiration for everyone fortunate enough to call Bismarck home.

A Public Library.

The year has brought Bismarck its first concrete hope of an adequate

public library; an appropriation of \$25,000 is now available; plans have been accepted, and an appropriate site selected.

The year gave to Bismarck its first paved streets and saw laid the foundation for a sane, consistent plan of street improvement, which should in the course of a few years make the Capital City one of the best paved in North Dakota.

Capital Removal is Quieted.

The year has quieted rumors of capital removal; has witnessed a great reversal in sentiment upon the part of people throughout the state who were inclined to favor a change for change's sake, and has confirmed Bismarck as the permanent seat of the North Dakota government.

Free From Disaster and Calamity.

The year has been free from disaster and calamity.

Only one fire of note has resulted in any decided property loss.

There have been no epidemics; no terrible tragedies, to mar the memory of the twelve-month that has sped.

The year has been a busy one; a happy one, and a constructive one.

Thanksgiving Retrospection.

Thanksgiving retrospection reveals more real progress; more actual development; more general prosperity than have been vouchsafed Bismarck by any previous year.

Prospects for the future never have been brighter than they are on the eve of this Thanksgiving day.

Cause for giving thanks that we are citizens of a prosperous, progressive city, in a great state, of a magnificent nation, never has been greater.

The cost of living is high so, too, are the rewards for living; the profit of labor; the prize for enterprise.

Real Thanksgiving must mark this Thanksgiving day for every citizen of Bismarck who looks back over the year, and notes its blessings.

Real Thanksgiving must well up from the heart of every Bismarck citizen who peers into the future, for which the present holds such splendid promise.

High School Celebrates.

A fitting Thanksgiving program was presented this afternoon in the high school auditorium under the direction of C. E. Bolt, principal of the high school and members of the senior class.

Governor L. B. Hanna was the speaker and gave a most instructive and interesting address on "What the Capital City of the Great State of North Dakota Should Be Thankful For." He touched on the extensive educational system of the Bismarck schools. The heartfelt welcome extended to Governor Hanna by the faculty, pupils and parents of the school emphasized the high esteem in which he is held by the Bismarck people.

The literary and musical program was a most interesting feature and was presented by Geraldine Penwarden, Janet Fogarty, rewriters; Wallie Dillman, Esther Staley, pianists of the high school; Mrs. H. A. Ross and Miss Elizabeth Bayless, vocalists, and

Miss Cornell and Miss Brady, pianists.

BIRTH OF TWINS.

Twin boys were born Monday night at 10 o'clock to Mr. and Mrs. William Markham, of 216 Fifteenth street. Mother and sons are getting along nicely.

Additional Society News

Church Sale Saturday.

The Ladies Aid society of the Trinity Lutheran church has completed plans for their food and fancy work sale, scheduled for Saturday afternoon in the office of the gas company, Fifth

and Broadway. The sale will open at 2:30 and will include many beautiful and useful articles suitable for Christmas gifts and an extensive line of home made foodstuffs.

Noted Suffragist Confined.

Mrs. Nellie McClung, noted suffrage worker of Canada and the United

States, is scheduled to visit the Capital City next Wednesday. Mrs. McClung will make an address here that evening and local suffragists are making extensive plans for one of the biggest meetings of the year. Mrs. McClung is a forceful speaker and has accomplished much for suffrage, both in Canada and in this country.

Why the Price is so Low On This Car of Quality

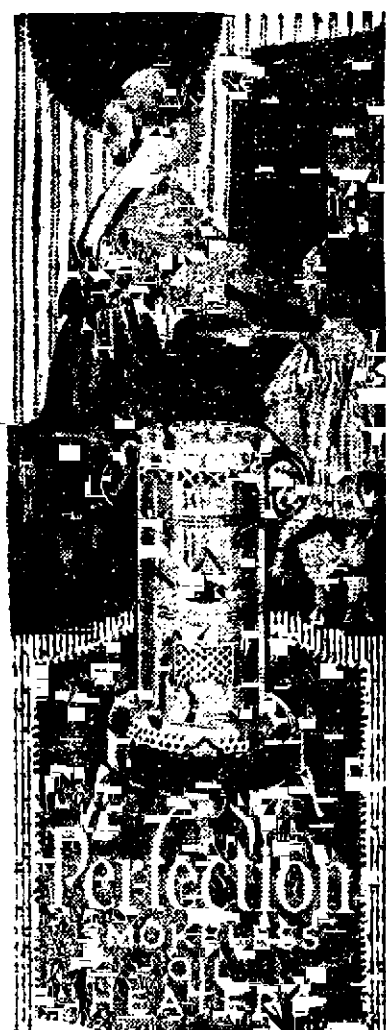

If the 6 30 Chalmers were built at the rate of 2000 a year the chances are you might have to pay \$1600 or more for one. But more than twelve times that number is made. So that the price becomes only \$1090. Quality runs all the way through. It is the quality car at a quantity price.

Which Do You Prefer?

It is important for reasons of health and practical economy for every housekeeper to ask herself this question:

"Do I prefer a pure baking powder like Royal, made of cream of tartar derived from grapes, or am I willing to use a baking powder made of alum or phosphate, both derived from mineral sources?"

The names of the ingredients printed on the label show whether the kind you are now using or any brand, new or old, that may be offered is a genuine cream of tartar powder, or merely a phosphate or alum compound.

Royal Baking Powder contains no alum nor phosphate.

DAHLBERG'S IS HOSPITAL BULLETIN ON CONDITION STEEL MEN

Dahlberg and Weisenhutter, Injured in Automobile Accident
Yesterday, Will Live

Favorable reports were issued from the Bismarck hospital this morning as to the condition of Peter Dahlberg and Weisenhutter, who were injured in the automobile accident which occurred on the morning of Nov. 23, east of the station in that village yesterday morning.

The bulletin stated that Weisenhutter, who suffers a fractured collarbone and several broken ribs and internal injuries, is "getting along quite favorable." Dahlberg was reported "to be resting comfortably." He regained consciousness late yesterday afternoon.

The accident occurred at 10:58 yesterday noon when the men, traveling in a Ford car going about 30 miles an hour, crashed into the mail coach of the limited which, running between 20 and 25 miles an hour, was slackening speed for the station. Dahlberg, a well digger, who family lives in Steel, was driving the car and was evidently confused when he saw the limited approaching. Weisenhutter is a farmer living about a half mile from the station.

Both were picked up and brought here in the baggage car and taken to the Bismarck hospital.

SOME GOOD ADVICE

Strengthened by Bismarck Experiences

Kidney diseases is too dangerous to neglect. At the first sign of backache, headache, dizziness or urinary disorders, you should give the weakened kidneys prompt attention. Fat little meat, take things easier and use a reliable kidney tonic. There's no other kidney medicine so well recommended as Doan's Kidney Pills. Bismarck people rely on them. Here's one of the many statements from Bismarck people.

N. M. Danrot, carpenter, 511 Seventh St., Bismarck, says: "I can't say my former endorsement of Doan's Kidney Pills given some years ago. At that time I told how Doan's Kidney Pills had cured me of pain in my back and other symptoms of kidney complaint. I can now add that I have been in good health since using this remedy."

Price 50c, at all dealers. Don't simply ask for a kidney remedy get Doan's Kidney Pills the same that cured Mr. Danrot. Foster-McBarn Adv. Co., Props., Buffalo, N. Y.

FOUR MORE BISMARCK MEN TODAY SUBMITTED TO THE LIGGING OF BITS OF SKIN TO HELP LITTLE CLARENCE EBERHART IN THE BRAVE FIGHT FOR LIFE WHICH HE IS MAKING AT THE ST. ALBERTS HOSPITAL.

All were prominent young business men of the city, whose modesty forbids the use of their names. They volunteered gladly and cheerfully submitted to the loss of the small pieces of cuticle required from each.

With cuticle from seven different persons, slowly, but surely covering his seared chest with a healthy growth of fine, new skin, Master Clarence has passed the danger point and is doing splendidly. The skin which has been grafted over the raw flesh which the flames left in their wake is knitting nicely, and the burned area, covering more than a third of the lad's chest, is slowly healing. More skin can be used with good results, and further voluntary offerings will be thankfully received.

Thanks For the Public. The surgeons in attendance, the hospital and the nurses express their gratitude to the public for its quick response to the Tribune's appeal. At the cost of some bodily discomfort upon the part of a number of warm-hearted people, a little life has been

LET US GIVE THANKS!

We in the United States have much
to be thankful for this Thanksgiving
Day; but perhaps it has not occurred
to many of us what really is our
greatest blessing.

America is developing, has almost
developed, a national conscience so
different from the national consciences
that hitherto have wagged the
world, that its influence must be felt
by all humanity and by all posterity.

There are material things for which
we may and do give thanks; but
those we have had always in greater
or less extent. Our greater blessing
is not of the forum or the market-
place; not of the factory or of the
mine.

Peace is a blessing; but a greater
blessing lies in the fact that we, the
people of the United States, have de-
manded peace, when other people
went to war for lesser causes than
we have had; in the fact that Amer-
ica, conscious of her might, has re-
fused to accept the aggressions and
insults of temporary madmen as suf-
ficient excuse to bathe another hemi-
sphere in blood.

Prosperity is a blessing; but a
greater blessing lies in the fact that
we, the people of the United States,
are demanding prosperity for all,
when the present has been to re-
gard hoards of gold in banks, increas-
ing shekels in the coffers of the over-
rich, as sufficient reason for nation
wide thanksgiving.

The war has taught us to do for
ourselves, and this, too, is a blessing;
but a greater blessing lies in the fact
that in our new independence we
have developed not only in material
things, but in matters of the mind
and spirit, as well.

Not for the things we have in abun-
dant should we be most thankful;
but for the fact that at last we are
beginning to use our abundance for
the benefit of all humanity.

For this, then, let us thank the
Lord Our God:
America is thinking, and thinking
right!

FIRST THANKSGIVING DAY.

Many of us have probably forgot-
ten how the turkey came to play the
star part in the Thanksgiving dinner.
For that matter, how many ever knew
the true significance of this deligh-
tful custom?

The father of the day, pious old
Gov. Bradford, thought it would be a
great thing if the folk of Plymouth
should eat together when the frost
was on the pumpkin and the fodder
was in the shock.

Not being a vegetarian, and Chica-
go dressed beef not yet having come
into vogue, he commanded the col-
ony's valiant sons to go into the for-
ests and shoot a sufficient mess of
venison and wild turkey.

Next arose the problem of a com-
mon eating place. But that solved it-
self, for colonial Massachusetts had
but one common place of adequate
community assembly, the outdoors.

So the wild turkeys, duly stuffed
and baked, and the venison were tak-
en, with fitting accompaniments, un-
der the trees and joyously dispatched
at a feast for all, including King Mas-
sachusetts and 90 friendly Indians. So
well did they enjoy the common feast
that they kept it up for three days,
consuming also, we fear, quite a quan-
tity of strong waters.

It was not, therefore, as with us,
primarily a family, but a community
function; the nearest that the pious
Pilgrims could come to a democratic
festival. When we modify it to a ser-
vice in a sectarian church and a
spread around a family board, we re-
duce the fine old function to less than
its original intent.

The family dinner and the church
service have grown into traditions too
well rooted to be upset, even if there
were any anxious to upset them.
They give a useful and intimate spiri-
tual touch.

But lately, in a few places, there
has come into usage an added cele-

bration more in keeping with the
founder's intent.

Some folk are opening their com-
mon meeting place, the public school
house, symbol of this age's all-inclu-
sive fellowship, for social center
spreads, to which everybody in the
neighborhood may come by simply
giving notice and contributing equal-
ly to meet the modest cost.

Such feasts in our temple of democ-
racy restore to our time much of the
significance which the first Thank-
sgiving day had for the hardy colo-
nists of Plymouth Rock.

For the battle of our period, in for-
tunate America, is not with painted
savages, armed with scalping knives,
nor with the rigors of the wilderness.
Much less is it Europe's battle with
high-powered tools of slaughter by
wholesale. Our battle is with preju-
dices, misunderstandings, the evil
spirits which spring up among folk
who are artificially kept apart.

They who eat together in equality
discover in one another too many fine
interests and traits in common to
want to spoil the fellowship by hate
and murder.

JAPS IN MEXICO.

The Japanese legation in Mexico
gives out some figures which should
do much to allay the alarm some
nervous folks in the United States
feel over the repeated rumors of a
Jap army of 200,000 trained soldiers
being assembled in Mexico to join
Carranza's army, in case of war be-
tween the two republics.

The Japanese minister says there
are 2,000 Japanese in Mexico, all told.
Three hundred of these are women
and children. Eight hundred of the
adults are mine employees, four hun-
dred are farmers and the remaining
hundred scattered about in various
occupations.

By CHARLES B. DRISCOLL.

The bountiful harvest is gathered,
And today, with a common accord,
All the people have ceased from their
labors.

To give thanks to Jehovah, the
Lord.
For Thee, Everlasting, All-seeing,
What can our narrow universe hold;
For our lives are a watch in the night-
time,
And our years as a tale that is
told!

Yet, today, as a nation, all-grateful,
We approach to Thy presence divine
To acknowledge Thy infinite bless-
ings.
For the Earth and its fullness are
Thine.

For another year Thou hast pre-
served us
From the war which is wrecking
the world.

Over us, through Thy infinite mercy,
The great banner of Peace is un-
furled.
Preserve us, protect us, defend us,
For our guard without Thee would
be vain!

May Thy Spirit enlighten our coun-
cils,
And Thy Peace evermore with us
reign!

A PRAYER.

Though we be Blinded, still may we
see Thy Handiwork and know Its
Worth;
Though we be Dumb, still may we
speak Thy Word in Thought and
Deed;

Though we be Deaf, still may we
hear Thy Voice and do Thy Bid-
ding;
Though we be Halt, still may we
walk Thy Way, nor go astray;
And though we see and hear and
speak and walk as men,
Still may we know these things as
but of earth; of only passing need;
And if these gifts be ours through
Thee,

It needs must be that we can wrong
no man,
Almighty God, grant this be our
Thanksgiving. GEORGE MARTIN.

General Feeling of Uncertainty

Responsible for Irregular

Quotations

Chicago, Nov. 29. General feeling of uncertainty kept the market nervous and irregular today. Much of the long wheat is now liquidated and developments at any time may start new advances, after a sensational break yesterday. December opened steady and was later up even with today's opening, 1 1/4 to 1 1/2; May, down 1/4 to 1 1/4; July, up 1/4 to 1 1/4.

Corn had a better tone at the start and showed good gains on persistent buying. December was up 1/4 to 1/2; May, up 1/4 to 1/2; July, up 1/4 to 1/2.

Oats rallied quickly, after a lower opening, and December was up 1/4 to 1/2; May, 1/4 to 1/2; July, 1/4 to 1/2.

Provisions were steady.

Sterling Silver

Sterling Silver flatware greatly enriches the dining table; a service can be begun any time with a dozen knives, forks and spoons and gradually added to with butter knives, salad forks, bouillon spoons, etc. Tuscan and Ontario are two of our best patterns, both good for several generations.

Add to the flatware a silver coffee service, a handsome sand witch plate or cake basket and a pair of candle sticks and you will have a lasting household service. The individual touch that you enjoy is added to your Sterling Silver by single letter, monogram or crest well engraved.

We can match any of the standard Sterling Silver patterns. Just bring in a single piece for sample. If you cannot call, write for our catalogue and we will mail you one.

How Publicity Helped Mrs. Thomas to Health

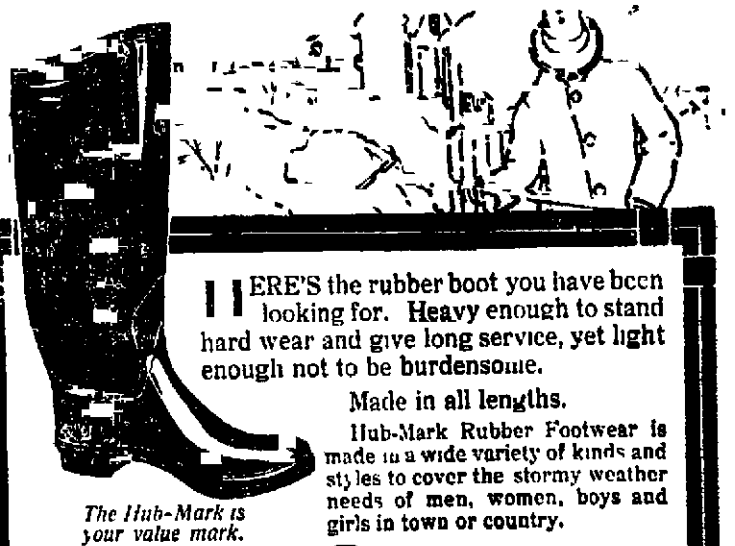

Doctor Had Decreased Operation When She Read of Mrs. Dunlap's Experience.

Some time ago Mrs. R. C. Dunlap of DeKalb, Mo., wrote to the St. Joseph, Mo. News-Press telling how, after years of suffering with stomach trouble, she had been relieved of a quantity of gall stones and restored to health through using Fruitola and Traxo. This letter was published and read by Mrs. Georgia Coe Thomas of Lancaster, Mo., who had been told by her doctor, after months of treatment for similar trouble that nothing but an operation would save her. Mrs. Thomas obtained Fruitola and Traxo from the drug store, and says, "By the time I had taken a month's supply the first dose of Fruitola brought a number of gall stones, and I am certain Fruitola and Traxo saved my life."

Fruitola and Traxo are compounded from the original Edsall formulas of the Pinus Laboratories in Monticello, Ill., and can be purchased in Bismarck at Cowan's Drug Store, 206 Fourth St.; a doctor's prescription is necessary. Fruitola is a pure fruit oil that acts as an intestinal lubricant and de-intoxicates the hardened particles that cause so much suffering, hatching the accumulated waste to the sufferer's intense relief. One is usually sufficient to indicate its efficacy. Traxo is a tonic alternative is most effective to rebuild and restore the weakened, rundown system.

A booklet of special interest to those who suffer from stomach trouble can be obtained by writing to the Pinus Laboratories, Monticello, Illinois.

DICKINSON ON VERGE OF GREATEST FORWARD MOVEMENT IN HISTORY

County Seat of Stark Will Inevitably Result of Development of Slope

Dickinson, N. D., Nov. 29. Dickinson, N. D., once the greatest primary wool market in the world, and still a center for a wonderfully prosperous stock-raising region extending 50 miles to the north and south, will be watching.

In point of construction Dickinson is the newest big town in North Dakota. Practically its entire business district has been reconstructed during the past ten years. The city has a population of about 6,000, and is the most important point between Bismarck and Miles City, Mont., on the main line of the Northern Pacific. It is also a division point for that railroad.

Normal Means Much. At the recent general election, the voters of North Dakota by a majority of 20,000, approved a state normal school for Dickinson, and the first quarter of a million for buildings. This normal will have a greater area to draw upon than any similar institution in the state. It will also have a territory which is developing more rapidly, and in which the wealth per capita is greater than that in any other section of North Dakota.

To date, Dickinson has but one railroad, the transcontinental line of the Northern Pacific. In early spring a farmers line may be constructed, connecting Dickinson with Amidon, to the south, the terminus of the Chicago, Milwaukee & St. Paul extension from New England. There is a prospect of a line being extended north connecting Dickinson with Manning, the first county seat to the north, and with Kildeer, a great stock-shipping center, and the northwestern terminus of the Northern Pacific branch out of Mandan.

DRINK HOT TEA
FOR A BAD COLD

Get a small package of HAMBURG Breast Tea, or as the German folks call it, "Hamburg Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink on it, four or five times during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness Away with a Small Bottle of Old Forest St. Jacob's Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacob's Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin. Nothing else stops lumbago, sciatica and lame back misery so promptly!

Those who have sat spellbound at the sweet simplicity of its prelude, the grim horror of its warfare and the mighty lesson of its climax, have unequivocally pronounced "CIVILIZATION" the most remarkable gem the stage has ever known.

THE GREATEST BLOOD PURIFIER EVER DISCOVERED

Thousands bears testimony to a remedy that has stood the test of
over half a century - S. S. S.

Possibly there is no remedy ever
compounded by the hand of man that
has been able to show such a clean
record for the wonderful effect it has
in remedying the ills of men and
women. The library of the Swift Spe-
cial Company in Atlanta is a veritable
treasure chest of testimonials, set-
ting forth in distinct and indisput-
able language how S. S. S. has ban-
ished the horrible suffering of Rheu-
matism. There are thousands and
thousands of letters from grateful
fathers who have at last the knowl-
edge that the hereditary taint that
was discovered in their blood will not
have to be handed down to their chil-
dren. Here are wonderful records to
tell where the horrible suffering of

Scrofula no longer has its terrors, for

the famous remedy, like a guardian

chief thing for the sufferer from blood

the worst of them, is to realize that
they cannot be cured by rubbing, by
douches of hot water, salves, lotions
or any outward or external treatment.
These remedies that soothe often do
no more than aggravate the trouble in
the long run. Believe that even pim-

COMPULSORY HAIL LAW WILL HIT NON-RESIDENT LANDLORDS BELOW BELT

Insurance Measure Would Levy
Tax on Unproductive Arable
Acres

Non-resident landownership in North
Dakota is destined to become less
popular after the next session of the
legislature, when there will be adopt-
ed the compulsory hail insurance law,
which has been in force for some time
in Saskatchewan. This measure as-
sesses against every acre of arable
land a tax, from which is accumulat-
ed a fund for the payment of hail
losses. There is no further expense
to the farmer. The state administers
the fund and distributes, pro rata,
each fall, the amount levied, spread-
ing it over the hail losses as adjust-
ed.

Where the rule comes in here: Much
of North Dakota's arable land is not
under cultivation, but is held by east-
erners with a speculative bent. Their
holdings are assessed low, and are a
source of small revenue to the town-
ship, county and state. At the same
time, these uncultivated lands serve to
retard the development of the com-
munity, as many a good acre has been
spoiled by an outsider's objecting to
buying where so much of the land ap-
peared valueless.

As a matter of fact, much of the
very best land in the state has never
been plowed in it. It was bought years
ago for practically nothing from
homesteaders anxious to get out, or
from the railroad companies, to whom
every other quarter section along
their rights of way was ceded as a
bonus. It has cost the owners little
to hold and every year they have
kept it has seen a great advance in
value. A large percentage of the land
in Burleigh county is held in this way,
outside the state, and, as most of
this undeveloped land adjoins the rail-
roads, by whom it originally was own-
ed, the traveler gains a poor impres-
sion of a really prosperous and gen-
erally well developed county.

The compulsory hail law is recom-
mended by retiring Insurance Com-
missioner Taylor as a substitute for
the present voluntary hail law, which
this year enabled the state to pay on-
ly 85 per cent on its adjusted losses.
It is also sponsored by the Non-parti-
san league.

THREE NORTH DAKOTA CITIES PASS MILLION MARK IN CONSTRUCTION

Bismarck, Fargo and Minot Have
Best Year Other Towns
No Well

The year 1916 will go down in his-
tory as North Dakota's greatest build-
ing era to date; no one cares to
prophesy what the state may do in
1917. In 1916 three of the state's
leading cities Bismarck, Minot and
Fargo passed the million mark in
general construction. Jamestown's
total exceeded three-quarters of a mil-
lion; Mandan went well over a half-
million, and Dickinson more than a
third-million.

Three statistics assume greater im-
portance when it is stated that North
Dakota's largest city has but 18,000
people; that North Dakota to date
has done practically nothing in the
way of manufacturing, and that

Look at the Savings We Are Handing You on a Platter

If the value of these suits and overcoats were figured,
not by what it cost to make them a few weeks ago,
but by what it would cost to duplicate them now and
that is the way things are usually figured in this work-a-
day world every single garment on our racks would be
graded up \$2.50 to \$5. The present shortage is dye-
stuffs and good woolsens explains it.

But instead of advancing the prices
\$2.50. to \$5, we are actually reducing
them \$.50. to \$10. per suit for rapid clear
away. You may legitimately consider
the difference the biggest saving ever
handed you on a platter!

wholesaling and jobbing, outside of
retailing, are the sole supports of its
dozen thriving towns of 3,000 to
18,000 population.

Paving Also.
In addition to its remarkable build-
ing record, the Capital City began
work on a nine-mile paving district,
which will give practically every
street in the center of the city bitu-
lithic or asphalt paving.

A Crying Need.
The city's one crying need now is
more and more reasonably priced
dwellings. It is impossible to find a
house to live in at any price. Those
who have been paying \$30 to \$50 the
month. A hundred cottages renting
for \$25 to \$35 the month would be fill-
ed the moment they were completed
and would earn at least ten per cent
the year clear of all charges.

Real estate, of course, is following
the general trend. Twenty-five foot
lots on the edge of the business dis-
trict are being held at \$11,000. There
are no vacant store-rooms, in spite
of the fact that a dozen new business
rooms will be completed during the
year. And Bismarck isn't enjoying a
boom, either. The town is spending
scarcely a penny of outside capital;
it is being developed quietly and con-

sistently by home people who have
made their money here and who are
willing to let their money earn more
money here, and it is growing stead-
ily because the rich farming country
surrounding it is filling up, and be-
cause its half-hundred wholesale
houses, and automobile distributing
plants and farm implement concerns
find it necessary to expand with their
trade.

Thank You

The past year has been one of the best in our history. It is largely due to our depositors who have so loyally favored us
with their patronage and we take this means to thank you for your good will, your confidence and the business you have
placed with us. In return we always keep your interests uppermost.
